THE IVY NETWORK CORPORATION

ADDITIONS AND CORRECTIONS TO MINUTES OF IVY NETWORK CONVENTION ON DECEMBER 4, 1955, AT NEW HAVEN (*)

1. WPRB made it a point to stress the fact that they had done a great deal in furthering the interests of the Network in several of the accounts, now or at one time, handled. Specific reference was made to the New Yorker Hotel, Budweiser and a few others. They insisted upon being able to sell for the Ivy Network because they felt certain that they could help at times, and they used the above instances as proof of their feelings of this matter.

2. Article 9 of the New By-laws of the Corporation was passed by the Ivy Network to be included in the regular By-laws of the Ivy Network Corporation as soon as all stations became members.

3. Mr. Seton asked WPRB how they could accept the Lucky Strike contract from the Corporation ~~if they were not members of~~ the Corporation. Mr. Yegge pointed out the fact that the Corporation could have contracts with any individual or any other business. WPRB did not acknowledge the existence
